## 1. GENERAL INFORMATION

### 1.1 Introduction

Dredging Fleet “Istar” PLC - a concessionaire of Port Terminal Svishtov, has prepared this document for a service facility pursuant to Regulation (EC) 2017/2177.

Port Terminal Svishtov, part of the Port for Public Transport with National Importance Ruse, pursuant to Directive 2012/34, Annex II, is a domestic port facility related to some railway operations.

### 1.2 Service Facility Operator

The domestic port facility, related to the railway operations of Port Terminal Svishtov is designated for transport handling of the freights and for shunting operation as well.

Operator of the service facility pursuant to Concession contract Lot N D – 00352 in the National Concession Register is Dredging Fleet “Istar” PLC with an address: the town of Svishtov 12, Dunav Str., phone 0631 60339, fax 0631 60341, e-mail: dfistar@abv.bg.

This document for service facility is published [www.portsvishtov.com](http://www.portsvishtov.com)

### 1.3 Period of validity and updating process

**This document is updated, if needed.**

## 2. SERVICES

Use of the railway infrastructure including any switches and railway junctions.

Provision of access to the service facilities of the freight terminals and domestic port facilities related to the railway facilities.

Ancillary and auxiliary services according to Annex II - services provided to railway undertakings are not offered in Port Terminal Svishtov

## 3. DESCRIPTION OF THE SERVICE FACILITY

### 3.1 List of all installations

Port Terminal Svishtov, part of Port for Public Transport with National Importance Ruse.

3.2 Port Terminal Svishtov, part of Port for Public Transport with National Importance Ruse

#### 3.2.1 Location

**PORT TERMINAL SVISHTOV** is located on the right bank of the river Danube at the most southern point of the river (43° and 37' north latitude) - at 554 km from the mouth of the river Danube and on the 1,825<sup>th</sup> km of the Regensburg port.

In Svishtov, the river Danube enters the Danube valley and creates the conditions for direct connection from the river Danube through the passages in Stara Planina mountain with the valley of the river Maritsa and the Aegean sea. The transport importance of the town facilitates the options for import and export from Sofia and the whole North and South Central Bulgaria.

The connection of Port Terminal Svishtov with the Republican Road Network is made as follows:

- through Danube Str., Prof. Buchvarov Str.; 33<sup>rd</sup> Svishtovski Polk Str. to Ruse and Byala;
- through Danube Str., Prof. Buchvarov Str.; 33<sup>rd</sup> Svishtovski Polk Str. Studentska Str., Patriarh Evtimiy Str. to Pavlikeni and Veliko Tarnovo;
- through Danube str., Omurtag sq.; Otets Paisiy Str. to Pleven and Sofia;

The importance of the port is extended in connection with the European transport corridors. The international port of Svishtov is located on Pan-European corridor VII (Rhine–Main–Danube). It is located next to transport corridors N8 and N9 (about 45 km away) and Hemus highway ( 56 km away from its designed route ) and 40 - 50 km away from the town of Alexandria (Romania), which has an exit to the main road on the part of Bucharest - Timishoara - Arad - part of international infrastructure corridors.

By railway connection with Svishtov station the port terminal is connected with the national railway network.

### 3.2.2 Opening hours

Working time of the installation.

- Monday – Sunday 08:00-19:00
- during official holidays – upon submitted request

### 3.2.3 Technical characteristics

Port Terminal Svishtov has the following tracks available:

- loading-unloading:

- I<sup>st</sup> Danube track and East berth track of 145 m useful length. The track is serviced by 3 overhead crane models: Albatros, Albreht, GANZ type.
- II<sup>nd</sup> Danube track East berth of 180 m useful length. The track is serviced by 3 overhead cranes models: Albatros, Albreht, GANZ type.
- I<sup>st</sup> Danube track Central berth of 275 m useful length. The track is serviced by 4 overhead cranes GANZ type.
- II<sup>nd</sup> Danube track Central berth of 425 m useful length. The track is serviced by 4 overhead cranes GANZ type.
- Ist Danube track West berth track of 225 m useful length. The track is serviced by 4 overhead cranes models: Kirovets 5 t, Albatros, Kirovets 16/ 20t”, type 1069.
- II<sup>nd</sup> Danube track West berth of 220 m useful length. The track is serviced by 4 overhead cranes models: Kirovets 5 t, Albatros, Kirovets 16/ 20 t”, type 1069.
- I<sup>st</sup> Urban track of 170 useful length.
- II<sup>nd</sup> Urban track of 240 m useful length.

- scale track and railway scale.

Port Terminal Svishtov does not have a railway scale.

- technical equipment for washing

Port Terminal Svishtov does not have washing technical equipment.

- technical equipment for maintenance

Port Terminal Svishtov does not have maintenance technical equipment.

- storage area

Port Terminal Svishtov has 21,300 m<sup>2</sup> outdoor and 4,100 m<sup>2</sup> indoor storage facility.

**The tracks are owned by SE Port Infrastructure**

### 3.2.4 Scheduled changes of the technical characteristics

**No technical changes of the technical characteristics are foreseen**

## 4. CHARGES

### 4.1 Information about charges

Information about the charges will be received upon request via e-mail. [office@portsvishtov.bg](mailto:office@portsvishtov.bg)

#### 4.2 Information about discounts

Information about discounts may be received upon request via e-mail. [office@portsvishtov.bg](mailto:office@portsvishtov.bg)

### **5. ACCESS CONDITIONS**

#### 5.1 Legal requirements

#### 5.2 Technical conditions

Port Terminal Svishtov is with non-electrified railway infrastructure and locomotives with diesel traction are serviced there.

Railway tracks and switches are with 1435 mm track gauge.

Permissible axle load for the railway tracks and switches in Port Terminal Svishtov is 22 t/axis.

The structure gauge of the railway tracks in the terminal region is 1-CM1.

#### 5.3 Self-provision of railway-related services

#### 5.4 IT system

### **6. CAPACITY ALLOCATION**

#### 6.1 Requests for access or services

The applicant sends its request to the dispatchers to e-mail: [office@portsvishtov.bg](mailto:office@portsvishtov.bg)

#### 6.2 Answer to the requests

Answers to the requests are received to e-mail: [office@portsvishtov.bg](mailto:office@portsvishtov.bg).

#### 6.3 Information about the available capacity and temporary capacity restrictions

No capacity restrictions of the service facilities are foreseen and it only happens in case of their planned rehabilitation.
